CAPABILITY STATEMENT

AGILE DELIVERY & LEADERSHIP

Spencer Technology Solutions, LLC is a Maryland-based SDVOSB Small Business specializing in Agile Delivery & Leadership and Software Quality Assurance.

We help government agencies and prime contractors strengthen Agile execution, align integrated teams, improve delivery visibility, and reduce software release risk.

COMPANY OVERVIEW

STS brings more than 25 years of founder experience in software development, Agile transformation, QA leadership, and cybersecurity delivery.

We lead and support integrated teams of developers, testers, Scrum Masters, and Product Owners.

CORE COMPETENCIES

AGILE DELIVERY & EXECUTION

- Scrum and SAFe practices
- Iteration and release planning
- Backlog refinement and flow
- Delivery metrics and flow
- Continuous Improvement

AGILE LEADERSHIP & COACHING

- Agile transformation support
- Scrum Master leadership
- Team coaching and mentoring
- Cross-functional alignment
- Agile adoption practices

INTEGRATED TEAM LEADERSHIP

- Developers, testers and POs
- Roles and accountability
- Stakeholder collaboration
- Dependency coordination
- Delivery risk management

QUALITY-DRIVEN AGILE DELIVERY

- QA integrated into sprints
- Acceptance criteria and UAT
- V&V and test traceability
- DevSecOps collaboration
- Release readiness support

REPRESENTATIVE EXPERIENCE

FOUNDER LEADERSHIP AT CISCO

Led the business group's waterfall-to-Agile transformation and approximately five global teams of developers, testers, Scrum Masters, and Product Owners. The group worked on Snort and the Next Generation Firewall.

CYDRA SOCIAL

- STS-owned content operations platform
- AI-assisted content workflows
- Integration and release testing

CYDRA LAW

- STS-owned legal operations platform
- Connected intake and matter workflows
- Workflow validation and testing

PRIME CONTRACTOR SUPPORT

STS supports prime contractors with Agile delivery leadership, Scrum and SAFe practices, integrated team coordination, backlog and release planning, and quality-focused delivery improvement.

DIFFERENTIATORS

- ✓ Service-Disabled Veteran-Owned Small Business
- ✓ 25+ years of founder software experience
- ✓ Career progression from testing to QA leadership
- ✓ Led Cisco business group's Agile transformation
- ✓ Led approximately five global integrated teams
